

The Rules of Indoor Soccer

2018-19 – Summary of Changes

Rules of Indoor Soccer – Summary of Changes

Changes to the rules are indicated in bold and underlined.

Rule 8 – The Start and Restart of Play

Old:

all players, except the player taking the kick off,
must be in their own half of the field

New:

all players, **except the player taking the kick off,**
must be in their own half of the field

*This was actually changed in 2017, but was left
marked as a change in 2018, as that is when we first
saw it in the Laws of the Game.*

Rule 9 – The Ball In and Out of Play

Old:

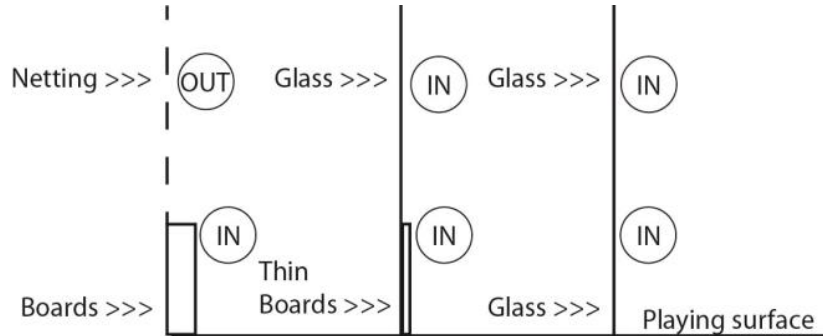

None

New:

**The glass above ‘thin’ boards is now in play, as it is
difficult to judge a ball in or out at the joint of
boards and glass**

*This been changed as it was proving very difficult in
the newer centres to recognize whether the ball has
touched the boards or the glass.*

The diagram has also been modified:

Rule 12 – Fouls and Misconduct Serving Time Penalties

Old:

A player must serve the time penalty he is assessed unless:

it is his second caution in the match – in this case the player is sent off and a teammate of the player must serve the cautionable time penalty
a player is assessed a major time penalty. That player is sent off and a 5-minute major time penalty is assessed against the team, who play with one less player on the field of play, subject to the provisions of Rule 12. A team-mate of the player does not have to serve the major time penalty.

New:

a player is assessed a major time penalty **(including a second caution in the match)**. That player is sent off and a **2 or** 5-minute major time penalty is assessed against the team, who play with one less player on the field of play, subject to the provisions of Rule 12. A team-mate of the player does not have to serve the major time penalty.

Two bullet points have been merged into one for efficiency. It also means that a team mate does not have to serve a two-minute penalty for a player who

received a second caution. It is now treated the same way as a 5 minute penalty, where the team plays short, but nobody sits in the penalty box.

**Rule 12 – Fouls and Misconduct
No relief of Major Time Penalty**

Old:

There is no relief of a major time penalty if a team is scored upon. The team continues to play shorthanded.

New:

There is no relief of a major time penalty (**2 or 5 minute**) if a team is scored upon. The team continues to play shorthanded.

Clarifies that this applies to 2 and 5 minute Major Penalties.

**Rule 12 – Fouls and Misconduct
Limit on Time Penalties**

New:

'Technical Offence Or' has been added to the beginning of each bullet point.

Clarifies that the Limit on Time Penalties applies to all categories of penalties.

**Rule 12 – Fouls and Misconduct
Time Penalties Assessed to a Player Already
Serving a Time Penalty**

Old:

If there are fewer than 5 minutes remaining in the match then the team must reduce the number of players on the field (subject to the minimum) to serve the additional penalty.

New:

If there are fewer than 5 minutes remaining in the match then the team must reduce the number of players on the field (subject to the minimum) to serve the additional penalty, **to commence after all penalty time to the player has expired.**

Clarifies when the additional penalty will commence.
